# TRY IT OUT!

**Beta Launch**

**2022**

| June | July | August | September | October | November |
|---|---|---|---|---|---|

## ALPHA TRIALS

The first version of GEIGER is being tested by invitation with selected small businesses.

## BETA TRIALS

Self-service version of GEIGER will be available to any interested small businesses for testing.

**Small businesses:**
- In close collaboration with our experts, start securing your company using the GEIGER tools in development.

**Small businesses:**
- Install the GEIGER app, see yourself what the risks for your company are, and start securing it using the GEIGER tools!
- Get early access to training and the support by trained Cyber Security Defenders!
- Benefit from the special discount on the finalised GEIGER app!

**Cybersecurity tool developers and service providers:**
- Connect your product or service to the GEIGER toolbox, and raise awareness about it among small businesses!

**Education providers:**
- Join the community of education providers for small businesses!
